PETITIONING THE COURT

Reference is made to the Request for Modifying the Conditions or Term of Supervision with the Consent of the Offender, dated August 5, 2013, and signed by the Court on August 7, 2013, wherein the Court accepted the recommendation that the defendant be placed in halfway house (RRC) for a period of 60 days to facilitate completion of treatment, community service, as well as establish a stable residence. The Court also noted that community service hours were suspended until the defendant's housing situation stabilized. The defendant had voluntarily consented to the modification based on his lack of permanent housing and transportation. As a result, the defendant was placed by the U.S. Bureau of Prisons at Liberty Management Services (LMS), Philadelphia, Pennsylvania, on September 10, 2013, with conditions that he attend drug and mental health treatment and complete community service hours.

On November 4, 2013, the probation officer was notified that the defendant was going to be unsuccessfully discharged, from the RRC, for submission of positive urine results. The defendant had tested positive for controlled substances while at the RRC as follows: September 10, 2013, opiates; October 10, 2013, opiates; and October 22, 2013, amphetamines. This officer was also advised by RRC staff that the defendant had not attended, nor had he been placed by RRC staff, in treatment as ordered by the Court. Representatives from the probation office contacted RRC management, and the RRC advised that, given the lack of a formal treatment placement or referral by their staff, they are willing to allow the defendant to remain at the RRC for an additional period so that the defendant can attend treatment.

On November 4, 2013, the defendant agreed to the suggested modification, that he remain at the RRC for additional 45 days, and signed the attached waiver form. According to RRC records, the defendant has completed a total of 76 hours of community service. Additionally, to date, the defendant's housing needs remain unresolved.
